Incident Reported in McKenzie County

BISMARCK, N.D. – The North Dakota Oil and Gas Division was notified of a pipe fitting leak occurring Wednesday, December 11 at the HAGEN 23-25 30-29H well, about 24 miles SW of Watford City, North Dakota.

True Oil, LLC reported Wednesday that about 1,000 barrels of produced water were released on location. At the time of reporting 1,000 barrels of produced water had been recovered.

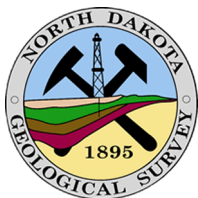

A North Dakota Oil and Gas inspector has been to the location and will monitor any additional cleanup required.
