NORTH DAKOTA GEOLOGICAL SURVEY CIRCULAR NO. 96

Summary of Williston Oil & Gas Company Boeckel et al #1

Mercer County, North Dakota

Well #377 - Permit #393

By Clarence G. Carlson December, 1954

Williston Oil & Gas Company - Boeckel et al #1, Mercer County, North Dakota, C SW SW Section 10, T. 144N., R. 88W. Elevation 2047 ground.

The Boeckel #1 was spudded September 8, 1953 and 10 3/4 inch casing was set at 637.69 feet with 400 sacks of cement. The well was completed as a dry hole and was abandoned November 5, 1953. Total depth 9,014 feet.

Twenty five foot cement plugs were set at the following depths: 8910' 1560' 6930' 1260' 4800' 630' 25'

Formation tops were determined from sample and electric logs, and were corrected to electric logs unless otherwise stated. Not all lithologic tops were called in the following list. Colors were determined from the rock color chart.

	Formation Tops
Cretaceous System	
Pierre Formation	1552
Niobrara Formation	2905
Greenhorn Formation	3695
"Muddy" Zone	4140
Dakota	4385
Jurassic System	
Morrison Formation	4790
Sundance Formation	4850
Piper Formation	5412
Triassic System	
Spearfish Formation	5580
Permian System	
Minnekahta Formation	5715
Opeche Formation	5731
Pennsylvanian System	
Minnelusa Formation	5880
Mississippian System	
Amsden Formation	5970
Big Snowy Group	6250
Kibbey Formation	6793
Charles Formation	6975
Mission Canyon Formation	7540
Lodgepole Formation	7940

Englewoo Devonian Syste	od Formation 8680
-	Formation 8720
Nisku Fo	
3000-3020	Shale, medium gray, bentonitic.
3020-3040	Shale, medium gray, bentonitic, slightly calcareous, pyrite.
3040-3060	Shale, medium gray, bentonitic, calcareous, pyrite.
3060-3080	Shale as above with a few shell fragments.
3080-3100	Shale, medium gray, bentonitic, slightly calcareous with a few shell fragments.
3100-3120	Shale, medium gray, bentonitic, slightly calcareous, small
2120 2140	amount of white crystalline limestone.
3120-3140	Shale, medium gray, bentonitic, slightly calcareous, some shell
2140 2160	fragments, pyrite.
3140-3160	Shale, medium gray, bentonitic, calcareous, pyrite.
3160-3180	Shale as above with shell fragments, small amount of white
3180-3220	crystalline limestone.
3180-3220	Shale, medium gray, slightly bentonitic, calcareous, micaceous, pyrite.
3220-3240	Shale, medium gray, bentonitic, very calcareous shell
	fragments, pyrite.
3240-3260	Shale, medium gray, slightly bentonitic, calcareous.
3260-3280	Shale as above, with shell fragments, pyrite.
3280-3300	Shale, medium gray, bentonitic, calcareous, micaceous, shell
	fragments.
3300-3320	Shale as above, also some white specks.
3320-3340	Shale, medium to medium dark gray, bentonitic, calcareous,
	micaceous.
3340-3360	Shale as above.
3360-3380	Shale, medium gray, bentonitic, calcareous, with a few white specks.
3380-3400	Shale, medium gray, bentonitic, calcareous shell fragments.
3400-3420	Shale, medium gray, bentonitic, calcareous, pyrite.
3420-3460	Shale, medium to medium dark gray, bentonitic, slightly
	calcareous, pyrite, shell fragments.
3460-3480	Shale, medium to medium dark gray, bentonitic, calcareous.
3480-3500	Shale as above with shell fragments.
3500-3520	Shale as above, few shell fragments.
3520-3540	Shale, medium to medium dark gray, bentonitic, calcareous.
3540-3560	Shale as above with shell fragments.
3560-3580	Shale as above.
3580-3600	Shale, medium gray, bentonitic, calcareous, shell fragments.
3600-3620	Shale, medium dark gray, slightly bentonitic.
3620-3640	Shale, medium to medium dark gray, slightly bentonitic,
	calcareous.
3640-3660	Shale, medium dark gray, slightly bentonitic.
3660-3700	Shale, dark gray to black.
3700-3720	Shale, medium gray to medium dark gray, slightly calcareous,
	shell fragments.
3720-3740	Shale, medium gray, bentonitic, calcareous, medium dark gray
	shale.
3740-3760	Shale, medium dark gray, calcareous, white specks.

```
3760-3780
               Shale, medium gray to medium dark gray, calcareous white
               specks, some light gray, fine grained limestone.
3780-3800
               Shale, dark gray, medium dark gray, few white specks.
3800-3820
               Shale, medium dark gray to dark gray, white specks.
3820-3840
               Shale, dark gray.
               Shale, dark gray, slightly calcareous, pyrite.
3840-3860
3860-3900
               Shale, dark gray, medium gray, slightly calcareous.
3900-3920
               Shale, medium dark gray, lightly calcareous, a few shell
               fragments, pyrite.
3920-3940
               Shale as above.
3940-3960
               Shale, dark gray to black, shell fragments.
               Shale, dark gray to black, slightly bentonitic.
3960-3980
3980-4020
               Shale, dark gray to black.
4020-4030
               Shale, dark gray, medium dark gray, slightly bentonitic.
               Shale, medium dark gray, slightly bentonitic, pyrite.
4030-4040
4040-4050
               Shale, dark gray to black.
               Shale, medium dark gray.
4050-4060
4060-4070
               Shale, dark gray to black, micaceous.
4070-4080
               Shale as above, pyrite.
4080-4100
               Shale, medium gray, slightly calcareous.
4100-4120
               Shale, medium dark gray.
               Shale, medium dark gray.
4120-4150
4150-4170
               Shale, medium to medium dark gray, slightly calcareous.
4170-4180
               Shale as above, some sandstone, light gray, fine grained, well
               sorted.
4180-4200
               Shale, medium gray to dark gray, slightly bentonitic.
4200-4210
               Shale, medium gray to dark gray, pyrite.
4210-4220
               Shale, medium gray, bentonitic.
4220-4230
               Shale, medium gray, bentonitic, pyrite.
4230-4240
               Shale as above.
               Shale, medium gray, bentonitic.
4240-4260
4260-4270
               Shale as above, pyrite.
4270-4280
               Shale as above.
               Shale, medium gray bentonitic.
4280-4300
4300-4310
               Shale, medium gray to medium dark gray, some sandstone, light
               gray, very fine grained, silty.
4310-4320
               Shale, medium gray to medium dark gray, bentonitic.
4320-4340
               Shale as above, small amounts of white crystalline limestone,
               sandstone, light gray, very fine grained, silty.
4340-4350
               Shale as above, some sandstone as above.
4350-4360
               Shale as above, sandstone as above.
               Shale as above, sandstone, light gray, fine grained,
4360-4370
               calcareous.
               Shale, dark gray, some sandstone as above.
4380-4390
4390-4400
               Shale, dark gray, sandstone, light gray, fine grained, silty.
4400-4410
               Shale, medium gray to dark gray, slightly bentonitic, some
               sandstone as above.
4410-4420
               Shale, medium gray, bentonitic, some sandstone as above.
4420-4430
               Shale as above, sandstone as above and light gray, medium
               grained, calcareous cement.
4430-4450
               Shale, medium gray to medium dark gray, bentonitic, sandstone
4450-4460
               Shale as above, much sandstone as above.
4460-4470
               Shale as above, some sandstone as above.
```

4470-4480	Shale as above, sandstone light brownish gray, fine grained,
	calcareous.
4480-4500	Shale, medium dark gray, bentonitic, sandstone as above.
4500-4510	Shale as above, pyrite, sandstone colorless medium grained
	calcareous cement, small amounts.
4510-4520	Shale as above, sandstone as above, also light gray fine
	grained in small amounts.
4520-4530	Shale, medium to medium dark gray, bentonitic, sandstone, light
	gray, fine grained.
4530-4540	Shale as above, some sandstone as above.
4540-4550	Shale as above, pyrite, small amount sandstone as above.
4550-4560	Shale, medium gray, bentonitic, pyrite, sandstone light gray,
	fine grained, silty.
4560-4570	Shale as above.
4570-4580	Shale as above, pyrite.
4580-4590	Shale as above, sandstone light gray, fine grained.
4590-4600	Shale, medium to medium dark gray bentonitic, some sandstone as
	above, sandstone white, medium grained, calcareous.
4600-4610	Shale as above, sandstone, light gray, fine grained.
4610-4620	Shale, medium gray, bentonitic, sandstone as above.
4640-4650	Shale, medium gray, bentonitic, sandstone as above and white
	medium grained.
4650-4670	Shale as above, pyrite, sandstone, light gray, fine grained,
	red stained.
4670-4680	Shale as above, pyrite, sandstone, light gray, fine grained.
4680-4690	Shale, medium to dark gray, sandstone as above.
4690-4700	Shale and sandstone as above.
4710-4720	Sandstone, loose, medium to coarse, frosted, subrounded, shale
	as above.
4720-4730	Sandstone loose as above and light gray, fine grained, shale
	as above.
4730-4740	Shale, medium gray, slightly bentonitic, sandstone, loose,
	medium grained, frosted, light gray, fine grained.
4740-4760	Sandstone, light gray, medium to fine grained, fairly well
	sorted, much shale as above.
4760-4770	Sandstone, loose, medium to coarse grained, subrounded, shale
	as above.
4770-4780	Shale, medium dark gray, pyrite, some sandstone as above.
4780-4790	Shale as above, pyrite.
4790-4820	Shale, medium to medium dark gray, silty.
4820-4830	Shale, medium gray, pyrite.
4830-4850	Shale, medium gray, silty.
4850-4860	Shale as above, sandstone, light brownish gray, fine grained,
	slightly calcareous.
4860-4870	Sandstone, light brown, fine grained, silty, calcareous, shale
	as above.
4870-4880	Shale, medium to medium dark gray, sandstone as above.
4880-4890	Shale as above, much sandstone as above.
4890-4910	Shale, medium gray, sandstone as above.
4910-4920	Sandstone, light gray, pale brown, fine grained, silty, large
	amounts of shale as above.
4920-4930	Sandstone, light gray, fine grained, much shale, medium gray.
4930-4940	Shale, medium gray, much sandstone as above.
-300 1310	2,

4940-4950	Sandstone, light gray, fine grained, calcareous, silty shale,
	medium dark gray.
4960-4970	Sandstone as above, some shale as above.
4570-4990	Shale, medium gray, silty, sandstone as above.
4990-5000	Shale, medium to medium dark gray, some sandstone as above.
5000-5010	Shale, medium dark gray, silty, slightly calcareous, little
	sandstone as above.
5010-5030	Shale as above, much sandstone, light yellowish gray, fine
	grained, calcareous.
5030-5040	Shale as above, some sandstone as above.
5040-5050	Shale as above, much sandstone as above.
5050-5060	Sandstone, light gray to yellowish gray, fine grained, friable,
	calcareous, much shale as above.
5060-5070	Sandstone as above, some shale as above.
5070-5080	Sandstone as above, little shale as above.
5080-5090	Sandstone as above, some shale as above.
5090-5100	Sandstone as above, some shale, medium gray, silty.
5100-5110	Sandstone as above, some shale as above and light greenish
	gray, calcareous.
5110-5120	Sandstone as above, much shale as above.
5120-5130	Shale, light greenish gray, calcareous, some sandstone, light
0120 0100	gray, fine grained, silty.
5130-5140	
	Shale, as above and medium gray.
5140-5150	Shale as above.
5150-5160	Shale, light greenish gray, calcareous, medium dark gray,
	little sandstone fine grained, light gray.
5160-5190	Shale as above, little sandstone as above,
5190-5200	Shale as above, little sandstone, light gray, fine grained.
5200-5220	Shale, pale brown, sandy, calcareous, also light greenish gray
	shale.
5220-5250	Shale, greenish gray, silty, slightly calcareous.
5250-5260	Shale as above, some sandstone, light brown, fine grained,
3230 3200	silty.
5260-5270	2
5260-5270	Shale as above, also medium gray shale, some sandstone as
	above.
5270-5280	Shale, light greenish gray and pale brown, silty calcareous,
	pyrite, some sandstone as above.
5280-5290	Sandstone, light brownish gray, silty, much shale as above.
5290-5300	Shale, light greenish gray, calcareous and reddish brown
	silty, calcareous shale, some sandstone as above.
5300-5310	Shale, greenish gray, calcareous and reddish brown, silty,
	calcareous, some white crystalline limestone, sandstone as
	above.
5310-5320	
5310-5320	Shale as above, sandstone, light gray and pale brown, fine
	grained calcareous.
5320-5330	Sandstone, light gray, fine grained, calcareous, shale,
	greenish gray.
5330-5340	Sandstone as above, much shale, greenish gray and reddish
	brown, silty, calcareous.
5340-5350	Shale as above, some sandstone as above.
5350-5360	Shale, greenish gray, some sandstone as above.
5360-5370	Shale as above with reddish brown, silty.
	_
5370-5380	Shale, greenish gray, calcareous, inoceramus?
5380-5390	Shale as above, some sandstone, light gray, fine grained.

5390-5410	Shale as above and reddish brown, silty, calcareous shale.
5410-5420	Shale as above, some limestone, white, dense.
5420-5430	Shale, light greenish gray, calcareous, silty.
5430-5440	Limestone, white to light gray, fine grained, dolomitic,
	shale, light, greenish gray and reddish brown, calcareous.
5440-5450	Shale as above, some dolomite as above.
5450-5460	Limestone, white to light gray, dense, crystalline, shale,
	variegated, greenish gray and reddish brown.
5460-5470	Shale, variegated, mostly light greenish gray, silty, some
	reddish brown, limestone as above,
5480-5490	Limestone as above, much variegated shale as above.
5490-5500	Limestone, white to light gray, dense crystalline, shales,
	variegated, mostly greenish gray, reddish brown.
5500-5510	Limestone as above, shales, variegated as above.
5510-5520	Limestone as above, much shale, mostly reddish brown, some
3310 3320	greenish gray.
5520-5530	Shale, mostly reddish brown, some greenish gray, some limestone
3320-3330	
FF20 FF40	as above. Few pieces of gypsum.
5530-5540	Shale as above, some limestone as above.
5540-5550	Shale, variegated as above, mostly greenish gray, some
	limestone as above, few pieces of gypsum.
5550-5560	Shale, moderate reddish brown, some greenish gray, some
	limestone as above, anhydrite, white, crystalline.
5560-5570	Shale, moderate reddish brown, some greenish gray, some
	limestone as above, anhydrite as above, gypsum.
5570-5580	Shale as above, anhydrite, gypsum. Some limestone as above.
5580-5590	Shale as above, gypsum.
5590-5610	Shale, moderate reddish brown, silty, some greenish gray,
	gypsum.
5610-5620	Siltstone, moderate reddish brown, gypsum, some shale, greenish
5610-5620	Siltstone, moderate reddish brown, gypsum, some shale, greenish grav.
	gray.
5610-5620 5620-5630	gray. Siltstone, with gypsum as above, calcareous, shale greenish
5620-5630	gray. Siltstone, with gypsum as above, calcareous, shale greenish gray, and reddish brown.
	gray. Siltstone, with gypsum as above, calcareous, shale greenish gray, and reddish brown. Siltstone and gypsum as above, much shale, medium gray and
5620-5630 5630-5640	gray. Siltstone, with gypsum as above, calcareous, shale greenish gray, and reddish brown. Siltstone and gypsum as above, much shale, medium gray and greenish gray.
5620-5630	gray. Siltstone, with gypsum as above, calcareous, shale greenish gray, and reddish brown. Siltstone and gypsum as above, much shale, medium gray and greenish gray. Siltstone, moderate reddish brown, slightly calcareous, sandy,
5620-5630 5630-5640 5640-5650	gray. Siltstone, with gypsum as above, calcareous, shale greenish gray, and reddish brown. Siltstone and gypsum as above, much shale, medium gray and greenish gray. Siltstone, moderate reddish brown, slightly calcareous, sandy, gypsum, shale, medium gray, greenish gray.
5620-5630 5630-5640 5640-5650 5650-5660	gray. Siltstone, with gypsum as above, calcareous, shale greenish gray, and reddish brown. Siltstone and gypsum as above, much shale, medium gray and greenish gray. Siltstone, moderate reddish brown, slightly calcareous, sandy, gypsum, shale, medium gray, greenish gray. Siltstone as above, some shale as above.
5620-5630 5630-5640 5640-5650 5650-5660 5660-5670	gray. Siltstone, with gypsum as above, calcareous, shale greenish gray, and reddish brown. Siltstone and gypsum as above, much shale, medium gray and greenish gray. Siltstone, moderate reddish brown, slightly calcareous, sandy, gypsum, shale, medium gray, greenish gray. Siltstone as above, some shale as above. Siltstone as above, gypsum and anhydrite, shale as above.
5620-5630 5630-5640 5640-5650 5650-5660	gray. Siltstone, with gypsum as above, calcareous, shale greenish gray, and reddish brown. Siltstone and gypsum as above, much shale, medium gray and greenish gray. Siltstone, moderate reddish brown, slightly calcareous, sandy, gypsum, shale, medium gray, greenish gray. Siltstone as above, some shale as above. Siltstone as above, gypsum and anhydrite, shale as above. Sandstone, medium to fine grained, silty, reddish brown gypsum,
5620-5630 5630-5640 5640-5650 5650-5660 5660-5670 5670-5680	gray. Siltstone, with gypsum as above, calcareous, shale greenish gray, and reddish brown. Siltstone and gypsum as above, much shale, medium gray and greenish gray. Siltstone, moderate reddish brown, slightly calcareous, sandy, gypsum, shale, medium gray, greenish gray. Siltstone as above, some shale as above. Siltstone as above, gypsum and anhydrite, shale as above. Sandstone, medium to fine grained, silty, reddish brown gypsum, shale as above.
5620-5630 5630-5640 5640-5650 5650-5660 5660-5670	gray. Siltstone, with gypsum as above, calcareous, shale greenish gray, and reddish brown. Siltstone and gypsum as above, much shale, medium gray and greenish gray. Siltstone, moderate reddish brown, slightly calcareous, sandy, gypsum, shale, medium gray, greenish gray. Siltstone as above, some shale as above. Siltstone as above, gypsum and anhydrite, shale as above. Sandstone, medium to fine grained, silty, reddish brown gypsum, shale as above. Sandstone as above, and loose, medium, rounded, frosted
5620-5630 5630-5640 5640-5650 5650-5660 5660-5670 5670-5680 5680-5690	gray. Siltstone, with gypsum as above, calcareous, shale greenish gray, and reddish brown. Siltstone and gypsum as above, much shale, medium gray and greenish gray. Siltstone, moderate reddish brown, slightly calcareous, sandy, gypsum, shale, medium gray, greenish gray. Siltstone as above, some shale as above. Siltstone as above, gypsum and anhydrite, shale as above. Sandstone, medium to fine grained, silty, reddish brown gypsum, shale as above. Sandstone as above, and loose, medium, rounded, frosted grained white anhydrite, shale as above.
5620-5630 5630-5640 5640-5650 5650-5660 5660-5670 5670-5680	gray. Siltstone, with gypsum as above, calcareous, shale greenish gray, and reddish brown. Siltstone and gypsum as above, much shale, medium gray and greenish gray. Siltstone, moderate reddish brown, slightly calcareous, sandy, gypsum, shale, medium gray, greenish gray. Siltstone as above, some shale as above. Siltstone as above, gypsum and anhydrite, shale as above. Sandstone, medium to fine grained, silty, reddish brown gypsum, shale as above. Sandstone as above, and loose, medium, rounded, frosted grained white anhydrite, shale as above. Sandstone, reddish brown, fine grained, silty, calcareous
5620-5630 5630-5640 5640-5650 5650-5660 5660-5670 5670-5680 5680-5690	gray. Siltstone, with gypsum as above, calcareous, shale greenish gray, and reddish brown. Siltstone and gypsum as above, much shale, medium gray and greenish gray. Siltstone, moderate reddish brown, slightly calcareous, sandy, gypsum, shale, medium gray, greenish gray. Siltstone as above, some shale as above. Siltstone as above, gypsum and anhydrite, shale as above. Sandstone, medium to fine grained, silty, reddish brown gypsum, shale as above. Sandstone as above, and loose, medium, rounded, frosted grained white anhydrite, shale as above. Sandstone, reddish brown, fine grained, silty, calcareous shale, variegated as above.
5620-5630 5630-5640 5640-5650 5650-5660 5660-5670 5670-5680 5680-5690	gray. Siltstone, with gypsum as above, calcareous, shale greenish gray, and reddish brown. Siltstone and gypsum as above, much shale, medium gray and greenish gray. Siltstone, moderate reddish brown, slightly calcareous, sandy, gypsum, shale, medium gray, greenish gray. Sh	6260-6270	
6280-6290 Shale, variegated as above, much dolomite as above. 6290-6300 Sandstone colorless, medium, rounded, much dolomite as above, some shale as above, slightly calcareous, some dolomite pink, microcrystalline. 6310-6320 Sandstone as above, some shale, pale red, greenish gray. 6320-6330 Dolomite, light gray to pink microcrystalline, some sandstone as above, little shale as above. 6340-6350 Dolomite as above, some shale as above. 6340-6350 Dolomite as above, shale, moderate red, medium gray. 6350-6360 Dolomite as above, shale as above. 6360-6370 Dolomite as above, shale as above. 6370-6380 Dolomite as above, shale as above. 6390-6390 Shale, mostly moderate reddish brown, much dolomite as above. 6390-6400 Shale, same as above, some dolomite as above. 6410-6420 Shale, same as above, some dolomite as above. 6420-6430 Shale as above, some dusky yellow, calcareous little dolomite as above. 6440-6450 Shale, moderate reddish brown, medium gray, dusky yellow sandstone loose rounded, medium gray, dusky yellow sandstone loose rounded, medium grained, dolomite as above. 6440-6450 Shale, moderate reddish brown, much dolomite, light gray, microcrystalline. 6450-6460 Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. 6460-6470 Dolomite, light gray, microcrystalline, shale as above. 6510-6520 Shale as above, little limestone, light gray, microcrystalline. 6520-6530 Shale, moderate reddish brown, also dusky yellow calcareous. 6530-6540 Shale, as above, some limestone, white to light gray, microcrystalline. 6520-6560 Shale, variegated, reddish brown, dusky yellow, pale green. 6540-6570 Shale as above, some limestone, light gray microcrystalline. 650-6560 Shale, variegated, reddish brown, dusky yellow pale green, little sandstone medium grained, various colored, light gray, pale yellow grayish red. 650-6600 Shale as above, little sand as above. 6600-6640 Shale as above, little sand sabove. 6600-6640 Shale as above, little sand sabove. 6600-6640 Shale as above, little sand sabove. 660	6270-6280	Dolomite, as above, much shale, medium gray, reddish brown,
some shale as above. 6300-6310 Sandstone colorless, medium, rounded, much dolomite as above, some shale as above. 6300-6310 Sandstone as above, slightly calcareous, some dolomite pink, microcrystalline. 6310-6320 Sandstone as above, some shale, pale red, greenish gray. 6320-6330 Dolomite, light gray to pink microcrystalline, some sandstone as above, little shale as above. 6330-6340 Dolomite as above, some shale as above. 6360-6350 Dolomite as above, shale as above. 6360-6370 Dolomite as above, shale as above. 6370-6380 Dolomite as above, shale as above. 6390-6390 Shale, mostly moderate reddish brown, much dolomite as above. 6390-6400 Shale, same as above, some dolomite as above. 6410-6420 Shale, same as above, some dolomite as above. 6420-6430 Shale, same as above, some dolomite as above. 6430-6440 Shale, moderate reddish brown, medium gray, dusky yellow sandstone loose rounded, medium grained, dolomite as above. 6440-6450 Shale, moderate reddish brown, much dolomite as above. 640-6460 Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. 640-640 Dolomite, light gray, microcrystalline, shale moderate reddish brown, also dusky yellow calcareous. 640-640 Shale, moderate reddish brown, also dusky yellow calcareous. 650-650 Shale as above, some limestone, light gray, microcrystalline. 650-650 Shale, wariegated, reddish brown, limestone as above. 650-650 Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. 650-650 Shale as above, some limestone, light gray microcrystalline. 650-650 Shale as above, some limestone, light gray microcrystalline. 650-650 Shale as above, some limestone, light gray microcrystalline. 650-650 Shale, variegated, reddish brown, dusky yellow, pale green. 650-650 Shale as above, some shale as above. 650-650 Shale as above, some shale as above. 650-660 Shale as above, some shale as above. 660-660 Shale as above, little sand as above. 660-660 Shale, variegated, moderate reddish brown, dusky yellow pale gr		slightly calcareous.
some shale as above. Sandstone as above, slightly calcareous, some dolomite pink, microcrystalline. Sandstone as above, some shale, pale red, greenish gray. Dolomite, light gray to pink microcrystalline, some sandstone as above, little shale as above. Sand-6340 Dolomite as above, some shale as above. Dolomite as above, some shale as above. Sand-6360 Dolomite as above, shale as above. Dolomite as above, shale as above. Dolomite as above, shale as above. Sand-6360 Dolomite as above, shale as above. Dolomite as above, shale as above. Sand-6360 Dolomite, light gray, moderate pink, microcrystalline, shale, medium gray, moderate reddish brown. Sand-6390 Shale, mostly moderate reddish brown, much dolomite as above. Shale, same as above, some dolomite as above. Shale, same as above, some dolomite as above. Shale, same as above, some dolomite as above. Shale, moderate reddish brown, medium gray, dusky yellow sandstone loose rounded, medium gray, dusky yellow sandstone loose rounded, medium grained, dolomite as above. Shale, moderate reddish brown, much dolomite, light gray, microcrystalline, Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. Oblomite, light gray, microcrystalline, shale as above. Shale, moderate reddish brown, also dusky yellow calcareous. Shale, as above, ittel limestone, light gray. Shale as above, ittel limestone, light gray, microcrystalline. Shale, moderate red to reddish brown, limestone as above. Shale, wariegated, reddish brown, dusky yellow, pale green. Shale, variegated, reddish brown, dusky yellow, pale green. Shale, as above, some limestone, light gray microcrystalline. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale as above, little sand as above. Shale as above, little sand as above. Shale as above, little sand sabove. Shale as above, little sanderate reddish brown, dusky yellow pale green, little sandstone as above. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limes	6280-6290	Shale, variegated as above, much dolomite as above.
Sandstone as above, slightly calcareous, some dolomite pink, microcrystalline. 6310-6320 Sandstone as above, some shale, pale red, greenish gray. 6320-6330 Dolomite, light gray to pink microcrystalline, some sandstone as above, little shale as above. 6330-6340 Dolomite as above, some shale as above. 6340-6350 Dolomite as above, shale as above. 6350-6360 Dolomite as above, shale as above. 6360-6370 Dolomite as above, shale as above. 6370-6380 Dolomite as above, shale as above. 6370-6380 Dolomite, light gray, moderate pink, microcrystalline, shale, medium gray, moderate reddish brown. 6380-6390 Shale, mostly moderate reddish brown. 6380-6390 Shale, same as above, some dolomite as above. 6410-6420 Shale, same as above, some dolomite as above. 6420-6430 Shale as above, some dolomite as above. 6420-6430 Shale as above, some dolomite as above. 6430-6440 Shale, moderate reddish brown, medium gray, dusky yellow sandstone loose rounded, medium gray, dusky yellow sandstone loose rounded, medium grained, dolomite as above. 6440-6450 Shale, moderate reddish brown, much dolomite, light gray, microcrystalline. 6450-6460 Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. 6460-6470 Shale, moderate reddish brown, also dusky yellow calcareous. 6480-6510 Shale as above, some limestone, light gray, microcrystalline. 6520-6530 Shale as above, some limestone, light gray, microcrystalline. 6520-6530 Shale, variegated, reddish brown, dusky yellow, pale green. 6540-6550 Shale, variegated, sandstone boose medium, rounded colorless to pale yellow. 650-6570 Shale as above, little sand as above. 650-6570 Shale as above, little sand as above. 650-6500 Shale as above, little sand as above. 650-6600 Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. 650-6600 Shale as above, limestone, white, dense. 660-6600 Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	6290-6300	Sandstone colorless, medium, rounded, much dolomite as above,
microcrystalline. Sandstone as above, some shale, pale red, greenish gray. Dolomite, light gray to pink microcrystalline, some sandstone as above, little shale as above. Dolomite as above, some shale as above. Dolomite as above, shale as above. Dolomite, light gray, moderate pink, microcrystalline, shale, medium gray, moderate reddish brown. Shale, mostly moderate reddish brown, much dolomite as above. Shale, same as above, some dolomite as above. Shale, same as above, some dolomite as above. Shale, same as above, some dolomite as above. Shale, as above, some dusky yellow, calcareous little dolomite as above. Shale, moderate reddish brown, medium gray, dusky yellow sandstone loose rounded, medium grained, dolomite as above. Shale, moderate reddish brown, much dolomite, light gray, microcrystalline. Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. Dolomite, light gray, microcrystalline, shale as above. Shale, moderate reddish brown, also dusky yellow calcareous. Shale as above, some limestone, light gray, microcrystalline. Shale as above, some limestone, light gray, microcrystalline. Shale, moderate red to reddish brown, limestone as above. Shale, variegated, reddish brown, dusky yellow, pale green. Shale, variegated, sandstone medium, rounded colorless to pale yellow. Shale as above, little sand as above. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, little sand sa above. Shale as above, limestone, white, dense.		some shale as above.
Sandstone as above, some shale, pale red, greenish gray. Dolomite, light gray to pink microcrystalline, some sandstone as above, little shale as above. Bolomite as above, some shale as above. Dolomite as above, shale as above. Dolomite, light gray, moderate pink, microcrystalline, shale, medium gray, moderate reddish brown. Dolomite as above, some dolomite as above. Shale, mostly moderate reddish brown, much dolomite as above. Shale, same as above, some dolomite as above. Shale, same as above, some dolomite as above. Shale as above, some dusky yellow, calcareous little dolomite as above. Shale, moderate reddish brown, medium gray, dusky yellow sandstone loose rounded, medium grained, dolomite as above. Shale, moderate reddish brown, much dolomite, light gray, microcrystalline. Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. Dolomite, light gray, microcrystalline, shale as above. Shale, moderate reddish brown, also dusky yellow calcareous. Shale as above, some limestone, light gray. Shale as above, some limestone, light gray. Shale as above, some limestone, light gray, microcrystalline. Shale, variegated, reddish brown, dusky yellow, pale green. Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. Shale as above, some limestone, light gray microcrystalline. Shale, variegated, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale as above, little sand as above. Shale as above, shale as above. Shale as above, little sand sabove. Shale as above, little sand sabove. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale, variegated, moderate reddish brown, pale green medium gray dusky yellow, limestone	6300-6310	Sandstone as above, slightly calcareous, some dolomite pink,
Dolomite, light gray to pink microcrystalline, some sandstone as above, little shale as above. Dolomite as above, some shale as above. Dolomite as above, shale, moderate red, medium gray. Dolomite as above, shale as above. Shale, medium gray, moderate reddish brown. Shale, mostly moderate reddish brown, much dolomite as above. Shale, same as above, some dolomite as above. Shale, moderate reddish brown, medium gray, dusky yellow sandstone loose rounded, medium gray, dusky yellow sandstone loose rounded, medium grained, dolomite as above. Shale, moderate reddish brown, much dolomite, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. Dolomite, light gray, microcrystalline, shale as above. Shale, moderate reddish brown, also dusky yellow calcareous. Shale, moderate reddish brown, also dusky yellow calcareous. Shale as above, little limestone, light gray, microcrystalline. Shale as above, some limestone, light gray, microcrystalline. Shale as above, some limestone, light gray microcrystalline. Shale, variegated, reddish brown, dusky yellow, pale green. Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale, variegated, moderate reddish brown, pale green medium gray dusky yellow, limestone white, dense.		microcrystalline.
as above, little shale as above. 6330-6340 6340-6350 Dolomite as above, some shale as above. 6350-6360 Dolomite as above, shale, moderate red, medium gray. 6350-6360 Dolomite as above, shale as above. 6370-6380 Dolomite as above, shale as above. 6370-6380 Dolomite, light gray, moderate pink, microcrystalline, shale, medium gray, moderate reddish brown. 6380-6390 Shale, mostly moderate reddish brown, much dolomite as above. 6410-6420 Shale, same as above, some dolomite as above. 6420-6430 Shale, same as above, some dolomite as above. 6430-6440 Shale, moderate reddish brown, medium gray, dusky yellow sandstone loose rounded, medium grained, dolomite as above. 6440-6450 Shale, moderate reddish brown, much dolomite, light gray, microcrystalline. 6450-6460 Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. 6460-6470 Dolomite, light gray, microcrystalline, shale as above. 6470-6480 Shale, moderate reddish brown, also dusky yellow calcareous. 6480-6510 Shale as above, little limestone, light gray. 6510-6520 Shale as above, some limestone, white to light gray, microcrystalline. 6520-6530 Shale, wariegated, reddish brown, limestone as above. Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. 6560-6570 Shale as above, little sand as above. 6570-6590 Shale as above, little sand as above. Shale, variegated, somedium grained, various colored, light gray, pale yellow grayish red. 6590-6600 Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone, white, dense. Shale, variegated, moderate reddish brown, pale green medium gray dusky yellow, pale green medium, pale green	6310-6320	Sandstone as above, some shale, pale red, greenish gray.
Dolomite as above, some shale as above. Dolomite as above, shale, moderate red, medium gray. Dolomite as above, shale as above. Dolomite, light gray, moderate pink, microcrystalline, shale, medium gray, moderate reddish brown. Shale, mostly moderate reddish brown, much dolomite as above. Shale, same as above, some dolomite as above. Shale, same as above, some dolomite as above. Shale, same as above, some dolomite as above. Shale, moderate reddish brown, medium gray, dusky yellow sandstone loose rounded, medium gray, dusky yellow sandstone loose rounded, medium grained, dolomite as above. Shale, moderate reddish brown, much dolomite, light gray, microcrystalline. Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. Dolomite, light gray, microcrystalline, shale as above. Shale, moderate reddish brown, also dusky yellow calcareous. Shale, moderate reddish brown, also dusky yellow calcareous. Shale as above, little limestone, light gray, microcrystalline. Shale as above, some limestone, white to light gray, microcrystalline. Shale, wariegated, reddish brown, dusky yellow, pale green. Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. Shale as above, little sand as above. Shale as above, shale sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	6320-6330	
Dolomite as above, shale, moderate red, medium gray. Dolomite as above, shale as above. Dolomite, light gray, moderate pink, microcrystalline, shale, medium gray, moderate reddish brown. Shale, mostly moderate reddish brown, much dolomite as above. Shale, same as above, some dolomite as above. Shale, same as above, some dolomite as above. Shale, same as above, some dolomite as above. Shale, moderate reddish brown, medium gray, dusky yellow sandstone loose rounded, medium grained, dolomite as above. Shale, moderate reddish brown, much dolomite, light gray, microcrystalline. Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. Dolomite, light gray, microcrystalline, shale as above. Shale, moderate reddish brown, also dusky yellow calcareous. Shale as above, little limestone, light gray, microcrystalline. Shale as above, some limestone, white to light gray, microcrystalline. Shale, moderate red to reddish brown, dusky yellow, pale green. Shale, moderate red to reddish brown, limestone as above. Shale, moderate red to reddish brown, pale green. Shale, variegated, reddish brown, dusky yellow, pale green. Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.		as above, little shale as above.
Dolomite as above, shale as above. Dolomite as above, shale as above. Dolomite, light gray, moderate pink, microcrystalline, shale, medium gray, moderate reddish brown. as above. Shale, moderate reddish brown, medium gray, dusky yellow sandstone loose rounded, medium grained, dolomite as above. Shale, moderate reddish brown, much dolomite, light gray, microcrystalline. Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. Olomite, light gray, microcrystalline, shale as above. Shale, moderate reddish brown, also dusky yellow calcareous. Shale as above, little limestone, light gray, microcrystalline. Shale as above, some limestone, white to light gray, microcrystalline. Shale, moderate red to reddish brown, limestone as above. Shale, wariegated, reddish brown, dusky yellow, pale green. Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. Shale as above, little sand as above. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.		
Shale, moderate reddish brown, medium gray, dusky yellow sandstone loose rounded, medium grained, dolomite as above. Shale, moderate reddish brown, much dolomite, light gray, microcrystalline. Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. Dolomite, light gray, microcrystalline, shale as above. Shale, moderate reddish brown, also dusky yellow calcareous. Shale as above, little limestone, light gray, microcrystalline. Shale as above, some limestone, white to light gray, microcrystalline. Shale, moderate red to reddish brown, limestone as above. Shale, variegated, reddish brown, dusky yellow, pale green. Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone as above. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	0120 0100	
sandstone loose rounded, medium grained, dolomite as above. 6440-6450 Shale, moderate reddish brown, much dolomite, light gray, microcrystalline. 6450-6460 Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. 6460-6470 Dolomite, light gray, microcrystalline, shale as above. 6470-6480 Shale, moderate reddish brown, also dusky yellow calcareous. 6480-6510 Shale as above, little limestone, light gray. 6510-6520 Shale as above, some limestone, white to light gray, microcrystalline. 6520-6530 Shale, moderate red to reddish brown, limestone as above. 6530-6540 Shale, variegated, reddish brown, dusky yellow, pale green. 6540-6550 Shale, as above, some limestone, light gray microcrystalline. 6550-6560 Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. 6560-6570 Shale as above, little sand as above. 6590-6600 Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. 6590-6600 Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. 6600-6640 Shale as above, limestone, white, dense. 6640-6650 Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	6430-6440	
Shale, moderate reddish brown, much dolomite, light gray, microcrystalline. Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. Dolomite, light gray, microcrystalline, shale as above. Shale, moderate reddish brown, also dusky yellow calcareous. Shale as above, little limestone, light gray, microcrystalline. Shale as above, some limestone, white to light gray, microcrystalline. Shale, moderate red to reddish brown, limestone as above. Shale, variegated, reddish brown, dusky yellow, pale green. Shale, as above, some limestone, light gray microcrystalline. Shale, as above, some limestone, light gray microcrystalline. Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. Shale as above, little sand as above. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.		
microcrystalline. 6450-6460 Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. 6460-6470 Dolomite, light gray, microcrystalline, shale as above. 6470-6480 Shale, moderate reddish brown, also dusky yellow calcareous. 6480-6510 Shale as above, little limestone, light gray. 6510-6520 Shale as above, some limestone, white to light gray, microcrystalline. 6520-6530 Shale, moderate red to reddish brown, limestone as above. 6530-6540 Shale, variegated, reddish brown, dusky yellow, pale green. 6540-6550 Shale, as above, some limestone, light gray microcrystalline. 6550-6560 Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. 6560-6570 Shale as above, little sand as above. 6570-6590 Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. 6590-6600 Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. 6600-6640 Shale as above, limestone, white, dense. 6640-6650 Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	6440-6450	
Limestone, light gray, microcrystalline, shale moderate reddish brown, dusky yellow, dolomite. 6460-6470 Dolomite, light gray, microcrystalline, shale as above. 6470-6480 Shale, moderate reddish brown, also dusky yellow calcareous. 6480-6510 Shale as above, little limestone, light gray. 6510-6520 Shale as above, some limestone, white to light gray, microcrystalline. 6520-6530 Shale, moderate red to reddish brown, limestone as above. 6530-6540 Shale, variegated, reddish brown, dusky yellow, pale green. 6540-6550 Shale, as above, some limestone, light gray microcrystalline. 6550-6560 Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. 6560-6570 Shale as above, little sand as above. 6570-6590 Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. 6590-6600 Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. 6600-6640 Shale as above, limestone, white, dense. 6640-6650 Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.		
reddish brown, dusky yellow, dolomite. 6460-6470 6470-6480 Shale, moderate reddish brown, also dusky yellow calcareous. 6480-6510 Shale as above, little limestone, light gray. 6510-6520 Shale as above, some limestone, white to light gray, microcrystalline. 6520-6530 Shale, moderate red to reddish brown, limestone as above. 6530-6540 Shale, variegated, reddish brown, dusky yellow, pale green. 6540-6550 Shale, as above, some limestone, light gray microcrystalline. 6550-6560 Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. 6560-6570 Shale as above, little sand as above. 6570-6590 Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. 6590-6600 Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. 6600-6640 Shale as above, limestone, white, dense. 6640-6650 Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	6450-6460	-
6460-6470 6470-6480 Shale, moderate reddish brown, also dusky yellow calcareous. 6480-6510 Shale as above, little limestone, light gray. 6510-6520 Shale as above, some limestone, white to light gray, microcrystalline. 6520-6530 Shale, moderate red to reddish brown, limestone as above. 6530-6540 Shale, variegated, reddish brown, dusky yellow, pale green. 6540-6550 Shale, as above, some limestone, light gray microcrystalline. 6550-6560 Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. 6560-6570 Shale as above, little sand as above. 6570-6590 Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. 6590-6600 Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. 6600-6640 Shale as above, limestone, white, dense. 6640-6650 Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	0100 0100	
6470-6480 Shale, moderate reddish brown, also dusky yellow calcareous. 6480-6510 Shale as above, little limestone, light gray. 6510-6520 Shale as above, some limestone, white to light gray, microcrystalline. 6520-6530 Shale, moderate red to reddish brown, limestone as above. 6530-6540 Shale, variegated, reddish brown, dusky yellow, pale green. 6540-6550 Shale, as above, some limestone, light gray microcrystalline. 6550-6560 Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. 6560-6570 Shale as above, little sand as above. 6570-6590 Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. 6590-6600 Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. 6600-6640 Shale as above, limestone, white, dense. 6640-6650 Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	6460-6470	
Shale as above, little limestone, light gray. Shale as above, some limestone, white to light gray, microcrystalline. Shale, moderate red to reddish brown, limestone as above. Shale, variegated, reddish brown, dusky yellow, pale green. Shale, as above, some limestone, light gray microcrystalline. Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. Shale as above, little sand as above. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.		
Shale as above, some limestone, white to light gray, micro- crystalline. Shale, moderate red to reddish brown, limestone as above. Shale, variegated, reddish brown, dusky yellow, pale green. Shale, as above, some limestone, light gray microcrystalline. Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. Shale as above, little sand as above. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.		
crystalline. 6520-6530 Shale, moderate red to reddish brown, limestone as above. 6530-6540 Shale, variegated, reddish brown, dusky yellow, pale green. 6540-6550 Shale, as above, some limestone, light gray microcrystalline. 6550-6560 Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. 6560-6570 Shale as above, little sand as above. 6570-6590 Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. 6590-6600 Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. 6600-6640 Shale as above, limestone, white, dense. 6640-6650 Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.		
Shale, moderate red to reddish brown, limestone as above. Shale, variegated, reddish brown, dusky yellow, pale green. Shale, as above, some limestone, light gray microcrystalline. Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. Shale as above, little sand as above. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	0310 0320	
Shale, variegated, reddish brown, dusky yellow, pale green. Shale, as above, some limestone, light gray microcrystalline. Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. Shale as above, little sand as above. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	6520-6530	-
Shale, as above, some limestone, light gray microcrystalline. Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. Shale as above, little sand as above. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.		·
Shale, variegated, sandstone loose medium, rounded colorless to pale yellow. Shale as above, little sand as above. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.		
to pale yellow. Shale as above, little sand as above. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.		
Shale as above, little sand as above. Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	0330 0300	
Shale as above, sandstone medium grained, various colored, light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	6560-6570	
light gray, pale yellow grayish red. Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.		
Shale, variegated, moderate reddish brown, dusky yellow pale green, little sandstone as above. Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	0370-0390	_
green, little sandstone as above. 6600-6640 Shale as above, limestone, white, dense. 6640-6650 Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	6500-6600	
Shale as above, limestone, white, dense. Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	0090-0000	
Shale, variegated, reddish brown, pale green medium gray dusky yellow, limestone white, dense.	6600-6640	-
yellow, limestone white, dense.		
-	0040-0030	
ooso-oooo share as above, doromite fight gray, dense, fimey.	6650-6660	-
	0000-0000	Share as above, doronitte frynt gray, dense, friney.

6660-6670	Shale as above, some sandstone loose, medium grained, dolomite as above.
6670-6680	Shale as above, sandstone medium grained, light red, calcareous.
6680-6690	Shale, variegated as above, sandstone as above.
6690-6700	Sandstone, light red, medium grained, shale, as above.
6700-6740	Sandstone, light red, medium grained, slightly calcareous, little shale as above.
6740-6750	Sandstone, light red, medium to fine grained, slightly calcareous, some shale, variegated.
6750-6760	Sandstone as above, shale, variegated, medium gray, reddish brown, pale green.
6760-6770	Shale, variegated as above, sandstone as above, limestone
6000 6000	white, dense (little).
6770-6780	Sandstone as above, much shale as above, little limestone as above.
6780-6790	Sandstone as above, and grayish pink, medium to coarse grained calcareous, shale medium gray, reddish brown.
6790-6800	Shale, variegated some sandstone as above, some limestone white, microcrystalline.
6800-6810	Limestone, white to light gray, finely crystalline, dense few
	shell fragments.
6810-6820	Limestone as above, also some gray, medium to fine grained.
6820-6830	Limestone, white to light gray, dense, and light gray, medium to fine grained, earthy.
6830-6840	Limestone, dense as above and earthy as above, some oolitic.
6340-6850	Limestone as above, little shale variegated.
6850-6860	Sandstone, yellowish gray, fine grained, calcareous, limestone as above, shale variegated.
6860-6870	Shale as above, reddish brown, yellowish orange medium gray,
0000 0070	pale green, sandstone as above.
6870-6880	Limestone, white, finely crystalline, dense, shales as above.
6880-6890	Shale as above, some sandstone light gray fine grained calcareous.
6890-6900	Shale as above, sandstone as above, some limestone, white, dense.
6900-6910	Shale, variegated, limestone white, finely crystalline, dense.
6910-6920	Shale, variegated, sanstone grayish orange, fine grained, silty, calcareous.
6920-6930	Shale as above, little sandstone as above.
6930-6950	Shale as above, some limestone white, microcrystalline.
6950-6960	Shale as above, dolomite, light gray, fine grained.
6960-6980	Dolomite, light gray, fine grained, limey, some shale as above.
6980-6990	Dolomite as above, much shale, as above, anhydrite.
6990-7000	Shale variegated, anhydrite, some dolomite as above.
7000-7010	Shale, as above, anhydrite, limestone light gray, fine grained earthy.
7010-7020	Limestone, white to light gray, fine grained, earthy much shale as above, anhydrite.
7020-7030	Shale as above, white anhydrite, dolomite, light gray dense.
7030-7050	Limestone, light tan, granular, earthy, shale, variegated, reddish brown, yellowish orange, medium gray.
7050-7070	Limestone, light tan, finely crystalline, some granular earthy,
1030-1010	some shale as above.

7070-7080	Limestone as above, anhydrite, white, little shale as above.
7080-7084	Anhydrite, white, dense, some variegated shale.
7090-7130	Shale, variegated, red, orange, gray, green, anhydrite, white,
	crystalline.
7130-7140	Limestone, light gray, finely crystalline.
7140-7150	Limestone, light gray, finely crystalline, earthy.
7150-7160	Limestone, light gray, finely crystalline and granular, earthy.
7160-7170	Limestone as above, some shale, variegated.
7170-7180	Shale, variegated, red brown medium gray, limestone as above.
7180-7200	Shale as above, pale green, orange, red, brown, gray anhydrite,
	some limestone as above.
7200-7210	Limestone, light gray, finely crystalline, shales as above.
7210-7220	Limestone, light gray and tan, finely crystalline, shale as
	above.
7220-7240	Shale, variegated, anhydrite, some limestone as above.
7240-7250	Shale, variegated mostly medium gray, anhydrite.
7250-7260	Shale, variegated as above, anhydrite, dolomite, light gray,
	dense, limey.
7260-7270	Dolomite as above, shale as above, anhydrite.
7270-7280	Dolomite, light gray, dense, shale as above.
7280-7290	Shale, variegated, anhydrite, some dolomite as above.
7290-7300	Dolomite, light gray, finely crystalline.
7300-7310	Dolomite, light gray, finely crystalline, dense.
7310-7320	Limestone, light tan, granular, earthy, dolomite as above.
7320-7330	Limestone, light tan, fine grained, white anhydrite.
7330-7340	Anhydrite, white to light gray, dense.
7340-7360	Anhydrite as above, some limestone, light tan granular.
7360-7370	Limestone, white to light tan, fine grained, earthy.
7370-7380	Limestone as above, some anhydrite.
7380-7390	Limestone, yellowish gray, fine to medium grained, earthy
	dolomitic.
7390-7400	Shale, medium gray, limestone as above.
7400-7410	Limestone, yellowish gray, fine to medium grained, earthy
7410 7400	dolomitic.
7410-7420	Limestone as above, some anhydrite.
7420-7440	Limestone, light gray, finely crystalline, dolomitic.
7440-7450	Limestone, yellowish gray, fine grained, dolomite, light gray,
7450 7470	finely crystalline, dense.
7450-7470	Limestone, yellowish gray, granular, dolomitic, dolomite as
7470-7480	above, some shale reddish brown.
	Limestone as above, variegated.
7480-7490 7490-7500	Anhydrite, white, dense, shale variegated. Anhydrite, white, dense, much shale.
7500-7510	Anhydrite, white, dense, shale as above.
7510-7520	Anhydrite, white, dense. Anhydrite, white, dense.
7520-7530	Anhydrite as above.
7530-7540	-
7550-7540	Anhydrite as above, limestone, yellowish gray, fine grained, shale, medium gray.
7540-7560	Limestone, light brownish gray, oolitic in part.
7560-7580	Limestone, right brownish gray, collic in part. Limestone as above, mostly collic, some finely crystalline.
7580-7590	Limestone as above, mostly collic, some linely crystalline. Limestone, light brownish gray, finely crystalline, earthy.
7590-7610	Limestone, light brownish gray, linely crystalline, earthy. Limestone as above, some oolitic.
7610-7620	Limestone as above, some bolitic.
1010-1020	TIMESCOILE AS ADOVE, TICCLE COTTCIC.

7620-7630	Limestone, light brownish gray, finely crystalline, poor
	porosity.
7630-7640	Limestone as above, some shale, medium gray, little white anhydrite.
7640-7650	Limestone as above, some oolitic.
7650-7660	Limestone, brownish gray, finely crystalline, slight porosity.
7660-7680	Limestone as above, some shale, medium gray.
7680-7690	Limestone as above, some share, mearum gray.
7690-7700	Limestone as above. Limestone, light brownish gray, finely crystalline, slight
7030 7700	porosity.
7704-7710	Limestone as above, brachiopod fragments, some shale, medium
7701 7710	gray.
7710-7720	Limestone as above.
7720-7730	Limestone as above and some white, finely crystalline, dense.
7730-7740	Limestone, pale yellowish brown, finely crystalline and oolitic
7730 7710	slight porosity.
7740-7760	Limestone, pale yellowish brown, finely crystalline and oolitic
7710 7700	slight porosity
7760-7780	Limestone, pale yellowish brown, finely crystalline, slight
7,00 7,00	porosity.
7780-7790	Limestone, light gray to pale yellowish brown, finely
,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,	crystalline and some oolitic, little porosity.
7790-7820	Limestone, pale yellowish brown, oolitic, fair porosity.
7820-7830	Limestone as above, some shale, medium gray.
7830-7840	Limestone, pale yellowish brown, fine grained, fair porosity,
	some oolitic as above.
7840-7860	Limestone as above, much oolitic.
7860-7880	Limestone, pale yellowish brown, oolitic, fair porosity, shell
	fragments, brachiopod.
7880-7900	Limestone as above, oolitic and finely grained, slight
	porosity.
7900-7920	Limestone, pale yellowish brown, oolitic.
7900-7920 7920-7940	
7920-7940	Limestone, pale yellowish brown, oolitic. Limestone, light gray, fine grained, slight porosity, some oolitic as above.
7920-7940 7940-7946	Limestone, pale yellowish brown, oolitic. Limestone, light gray, fine grained, slight porosity, some oolitic as above. Limestone, light gray, fine grained, earthy, fair porosity.
7920-7940 7940-7946 7950-7960	Limestone, pale yellowish brown, oolitic. Limestone, light gray, fine grained, slight porosity, some oolitic as above. Limestone, light gray, fine grained, earthy, fair porosity. Limestone as above, shale, medium gray.
7920-7940 7940-7946	Limestone, pale yellowish brown, oolitic. Limestone, light gray, fine grained, slight porosity, some oolitic as above. Limestone, light gray, fine grained, earthy, fair porosity. Limestone as above, shale, medium gray. Limestone, white to light gray, fine grained, brachiopod
7920-7940 7940-7946 7950-7960 7960-7990	Limestone, pale yellowish brown, oolitic. Limestone, light gray, fine grained, slight porosity, some oolitic as above. Limestone, light gray, fine grained, earthy, fair porosity. Limestone as above, shale, medium gray. Limestone, white to light gray, fine grained, brachiopod fragments, slight porosity, shale, medium gray.
7920-7940 7940-7946 7950-7960	Limestone, pale yellowish brown, oolitic. Limestone, light gray, fine grained, slight porosity, some oolitic as above. Limestone, light gray, fine grained, earthy, fair porosity. Limestone as above, shale, medium gray. Limestone, white to light gray, fine grained, brachiopod fragments, slight porosity, shale, medium gray. Limestone, light gray, fine grained, yellowish brown oolitic,
7920-7940 7940-7946 7950-7960 7960-7990 7990-8005	Limestone, pale yellowish brown, oolitic. Limestone, light gray, fine grained, slight porosity, some oolitic as above. Limestone, light gray, fine grained, earthy, fair porosity. Limestone as above, shale, medium gray. Limestone, white to light gray, fine grained, brachiopod fragments, slight porosity, shale, medium gray. Limestone, light gray, fine grained, yellowish brown oolitic, some shell fragments.
7920-7940 7940-7946 7950-7960 7960-7990 7990-8005 8005-8010	Limestone, pale yellowish brown, oolitic. Limestone, light gray, fine grained, slight porosity, some oolitic as above. Limestone, light gray, fine grained, earthy, fair porosity. Limestone as above, shale, medium gray. Limestone, white to light gray, fine grained, brachiopod fragments, slight porosity, shale, medium gray. Limestone, light gray, fine grained, yellowish brown oolitic, some shell fragments. Limestone, oolitic and fine grained as above, brachiopod. Limestone as above, brachiopod fragments. Shale, medium gray, some limestone as above. Limestone as above, some shale as above. Limestone, light gray, fine grained, slight porosity, some shale. Limestone as above, shell fragments.

8100-8125	Limestone as above.
8125-8135	Limestone, light gray, fine grained and dense, argillaceous.
8135-8140	Limestone as above, brachiopod fragments.
8140-8145	Limestone as above, brachiopod and molluse fragments.
8145-8155	Limestone as above, some shale, medium gray.
8155-8160	Limestone, light gray, fine grained, argillaceous, shell
	fragments.
8160-8165	Limestone as above, shell fragments, pyrite.
8165-8185	Limestone as above, shell fragments.
8185-8190	Limestone as above, limestone, medium gray, dense.
8190-8200	Limestone as above, shell fragments, shale, red, calcareous
	in small amounts.
8200-8210	Limestone, light gray, finely crystalline, little porosity,
	shell fragments, pyrite, little shale as above.
8210-8225	Limestone as above.
8225-8230	Shale, medium gray, limestone, light gray, fine grained,
	pyrite.
8230-8235	Shale as above, much limestone as above, shell fragments.
8235-8240	Limestone, light gray, finely crystalline, pyrite, shell
0200 0210	fragments.
8240-8270	Limestone, light gray, dense, pyrite, shell fragments.
8270-8275	Limestone, light gray, fine grained, dense.
8275-8300	Limestone as above, shell fragments.
8300-8320	Limestone, light to medium gray, dense, earthy.
8320-8325	Limestone as above, shell fragments, some shale, medium gray.
8325-8330	Limestone as above, some shale as above.
8330-8340	Limestone as above, shell fragments.
8340-8350	Limestone, light gray to medium gray, microcrystalline, dense,
0310 0330	shell fragments.
8350-8360	Limestone as above, little shale, medium gray.
8360-8370	Limestone as above, pyrite.
8370-8380	Limestone as above, shell fragments.
8380-8385	Limestone as above.
8385-8390	Limestone, light to medium gray, fine grained, earthy.
8390-8400	Limestone as above, shell fragments, pyrite.
8400-8410	Limestone, light to medium grey, microcrystalline, dense, shell
0100 0110	fragments.
8410-8420	Limestone, light to medium gray, microcrystalline, dense,
0110 0120	pyrite, shell fragments.
8420-8425	Limestone as above, some shale, medium gray.
8425-8430	Limestone, light gray, microcrystalline, shale, medium gray.
8430-8440	Limestone, light gray and medium gray, microcrystalline, much
0130 0110	shale, medium gray.
8440-8445	Shale, medium to light gray, limestone, white to medium gray,
0110 0115	microcrystalline, ostracods.
8445-8455	Shale as above, limestone, medium gray and white, micro-
0443 0433	crystalline, ostracods.
8455-8460	Limestone, medium gray, microcrystalline, some shale, medium
0433-0400	gray, ostracods.
0160 0165	
8460-8465	Shale as above, some limestone as above.
8465-8475	Shale, light to medium gray, little limestone as above.
8475-8480	Shale, light to medium gray, calcareous, some limestone as
0400.0405	above.
8480-8485	Limestone, light gray, microcrystalline, shale, medium gray.

8485-8490	Limestone, light gray, medium gray microcrystalline, shale as above.
8490-8500	Limestone as above, some shale, pyrite.
8500-8505	Limestone as above, pyrite.
8505-8510	Limestone as above, shale, medium gray, calcareous.
8510-8520	Shale as above, pyrite, little limestone as above.
8520-8530	Shale, medium gray, some limestone, light gray, fine grained.
8530-8540	Shale, medium gray, calcareous, limestone as above and medium gray, dense.
8540-8550	Limestone, medium gray, microcrystalline, dense, shale, medium gray.
8550-8560	Limestone as above, much shale as above.
8560-8580	Limestone, medium gray, microcrystalline, dense, earthy.
8580-8590	Limestone, medium to light gray, microcrystalline, dense,
0300 0330	slightly argillaceous.
8590-8595	Limestone as above, some shale, medium gray, pyrite.
8595-8605	Limestone, light gray, fine grained, argillaceous.
8610-8615	Shale, grayish black, some limestone, light gray, finely
0010-0013	crystalline.
8615-8620	Shale as above, much limestone as above and medium gray, finely
	crystalline.
8620-8630	Limestone, medium gray, finely crystalline, some shale as
	above.
8630-8640	Limestone, medium gray and light gray, finely crystalline.
8640-8645	Limestone as above, pyrite.
8645-8655	Limestone as above, some shale, medium gray.
8655-8665	Limestone, light gray, microcrystalline, dense, pyrite.
8665-8680	Limestone as above, much shale, grayish black, calcareous.
8680-8685	Shale, grayish black, calcareous, little limestone, light gray,
	finely crystalline
8685-8690	Limestone, light gray, oolitic, pyrite, much shale as above.
8690-8700	Limestone, medium gray and light gray, finely crystalline,
0000 000	some oolitic, some shale as above.
8700-8705	Limestone, light gray, oolitic, fair porosity, some shale, grayish black, calcareous.
8705-8710	Limestone, light gray, fine grained and oolitic.
8715-8720	Limestone, light gray, fine grained, shale, grayish black and medium gray, calcareous.
8720-8725	Dolomite, yellowish gray, fine grained, limey.
8726	Circulation 2-1/6 hrs Dolomite as above, shale, grayish
0720	green, calcareous, grayish black.
8725-8730	Shale, grayish black, medium gray.
8730-8735	Shale as above, little limestone light gray, finely
0730-0733	crystalline.
8735-8740	Shale as above, much limestone as above.
8740-8750	Dolomite, pale orange, fine grained, some green shale,
0740-0730	calcareous.
8750-8755	Dolomite, grayish orange, fine grained, some shale as above.
8755-8765	Dolomite as above, shale as above, shale, reddish brown, silty,
3,33 3,33	calcareous.
8770-8795	Dolomite as above, shale, greenish gray, calcareous.
8795-8800	Dolomite, grayish orange, reddish brown, limey, some shale,
	greenish gray, shell fragments.
8800-8810	Dolomite as above, some shale as above, medium gray.
0000 0010	botomitee as above, some share as above, meatum gray.

8810-8820	Dolomite as above, little shale as above.
8820-8830	Dolomite and shale as above, little limestone white finely
	crystalline.
8830-8840	Dolomite as above, some limestone, pale grayish orange, fine
	grained, shale, medium gray, greenish gray.
8840-8845	Dolomite, grayish orange, fine grained, some limestone, pale
	orange, fine grained, little shale, medium gray.
8845-8850	Dolomite as above, limestone as above, also white finely
	crystalline, little greenish gray shale.
8850-8860	Limestone, pale orange, fine grained silty, little green and
	medium gray shale.
8860-8865	Limestone as above, some dolomite, reddish orange, fine
	grained, silty, shale, greenish gray, reddish brown.
8865-8875	Shale, dark gray, little limestone and dolomite as above.
8875-8880	Dolomite, grayish orange, fine grained, limey, shale, dark gray.
8880-8885	Dolomite as above, some limestone, pale orange, fine grained,
	silty, some shale, green and dark gray.
8885-8890	Dolomite and limestone as above, much shale as above.
8890-8900	Limestone, pale orange, fine grained silty, some shale, dark
	gray, little sandstone, loose, medium rounded, frosted.
8900-8910	Limestone as above, dolomite, pale orange, fine grained, some
	shale, dark gray, greenish gray.
8910-8915	Limestone as above, some dolomite as above, shale, dark gray.
8915-8925	Limestone and dolomite as above, shale, medium gray, white
	anhydrite.
8925-8930	Limestone, pale orange, finely crystalline, silty in part.
8930-8940	Limestone as above, little shale, medium gray.
8940-8950	Limestone, pale yellowish gray, finely crystalline, earthy,
	little porosity.
8950-8960	Limestone as above, some shale, medium gray.
8960-8965	Limestone, yellowish gray, finely crystalline to fine grained,
	little light gray anhydrite.
8965-8970	Limestone, yellowish gray, fine grained and fragmental, little
	porosity.
8970-8975	Limestone as above.
8975-8980	Limestone as above, some white anhydrite.
8980-8985	Limestone, light gray to yellowish gray, finely crystalline
	to fine grained.
8985-8990	Limestone as above, little white gypsum.
8990-9000	Limestone as above.
9000	Circulation 1/2 hour, limestone, light gray, finely
0000	crystalline, earthy.
9000	Circulation 1 hour, limestone, light gray, finely crystalline,
0000	earthy, some medium gray limestone.
9000	Circulation 1 1/2 hours, limestone as above.
9014	Total Depth
