

Areas of Landslides

Wyndmere SE Quadrangle, North Dakota

Levi D. Moxness

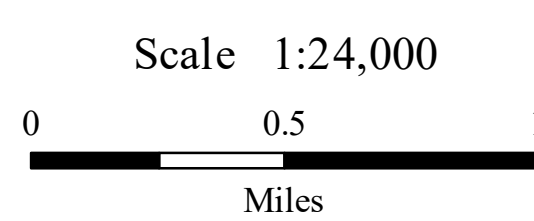

2024

Areas of landslides were investigated within this quadrangle based on a review of county historical aerial photography flown in August to September 1952 by the United States Department of Agriculture (USDA). Additional data sources include digital orthophotography from the USDA National Agriculture Imagery Program (NAIP) flown in September 2022 and the North Dakota Geological Survey LiDAR Map Series, which compiles raw data flown in May to June 2019 from the North Dakota State Water Commission. From this investigation, no landslides were mapped within the quadrangle.
