## PRELIMINARY STRUCTURE CONTOUR MAP ON THE CRETACEOUS MOWRY FORMATION IN NORTH DAKOTA

## NDGS GEOLOGICAL INVESTIGATIONS No. 37 (GI-37)

The North Dakota Geological Survey has recently completed a preliminary structure contour map drawn on the top of the Cretaceous Mowry Formation in North Dakota. This 1:1,000,000 scale map displays structure contours drawn from over 12,000 data points assembled from databases of the ND Oil & Gas Division and North Dakota Geological Survey. Contour interval on this map is 100-ft.
