## PLUGGING REPORT - FORM 7 SFN 2467

- 1. This report shall be filed by the operator with the Commission within thirty (30) days after the plugging of any well. Please refer to Sections 43-02-03-07, 43-02-03-31, and 43-02-03-33 of the North Dakota Administrative Code.
- 2. The well file number, operator, well name and number, field, pool, well location(s), and any other pertinent data shall coincide with the official records on file with the Commission. If it does not, an explanation shall be given.
- 3. If a parasite string was used in the drilling of a well, the size, depth set, cement volume used to plug, and the date plugged shall be included. This information may be included in the "Additional Information" portion of the report or included as an attachment.
- 4. On horizontal or directional wells, the following information shall be included if applicable: pilot hole total depth, kick-off point, original lateral total depth, and all sidetracked interval starting and ending footages. This information may be included in the "Additional Information" portion of the report or included as an attachment.
- 5. The operator shall file with the Commission two copies of all logs run. Logs shall be submitted as one paper copy and one digital LAS (log ASCII) formatted copy, or a format approved by the Director. In addition, operators shall file two copies of the following: drill stem test reports and charts, core analyses, formation water analyses and noninterpretive lithologic logs or sample descriptions if compiled.
- 6. Two copies of any directional surveys run shall be filed directly with the Commission by the survey contractor.
- 7. The original and one copy of this report shall be filed with the Department of Mineral Resources, Oil and Gas Division, 600 East Boulevard, Dept. 474, Bismarck, ND 58505-0614.
